We are so beyond grateful for all the help and love we gotten from our secret Santa's :) we thank each and every one of you guys for helping and blessing our family.

Dear Secret Santa,

When my family made a wish list of Christmas gifts, we wondered if we could get these gifts. But I was really happy and grateful to you all, to receive these kinds of gift that we really wanted to have like this.

My first daughter (10 yrs), who is especially fond of math and science, was so excited to have this Microscope sets she saw in science class at school and was so happy she got it as a Christmas present.

My precious daughter (8 yrs, Ogden Syndrome), her favorite music therapy class, was excited to receive a set of different instruments. She carries it with her every day and brags about it.

Above all, thank you for giving me so many beautiful clothes. Now I am in tears because I have to put on new clothes for my two daughters, not the ones they used to wear.

We always thank God for giving all of this to our family. And we always thank FOCUS for giving all of this opportunity to us.

I am very thankful to the family that sponsored our family.

Thank you!
